

2017-2018
Memorandum of Understanding
Between

Southside ISD Education Foundation
And
Southside Independent School District

Southside Independent School District's mission is to enhance education for Southside ISD students by funding additional educational opportunities and resources.

The Southside ISD Education Foundation (SEF) was created in 2008 to seek, cultivate, and obtain funds for developing and expanding educational opportunities for students of Southside Independent School District (SISD). In order to support these programs, SEF hosts events such as an Annual Golf Tournament, Basketball Alumni Tournament, and other fundraisers outlined in the organization's annual budget and goals.

SEF was created to assist SISD with funding for programs aiming enrich the educational experience of the students and teachers of Southside ISD.

This document stipulates a basic agreement for a collaborative partnership between SEF and SISD that will support the mission and goals of both organizations. This Memorandum of Understanding (MOU) is a working agreement allowing SEF and SISD to work together in a true spirit of partnership, a partnership that does not breach legal and confidentiality protocols. Adherence to open and transparent communication is expected.

In doing so,

Southside ISD Education Foundation agrees to:

- Support SISD's educational initiatives, programs and other educational systems that will enrich the lives of students
- Fundraise monies that will support the above statement
- Adopt Bylaws and a Fund Management Policy that supports SISD's initiatives and practice transparency and ethical practices in operations

Southside Independent School District agrees to:

- Provide meeting and digital space (i.e. website pages and social media applications) for SEF
- Provide information and direction to SISD initiatives and academic priorities
- Provide opportunities to fundraise on district properties as long as the return on investment supports the mission, vision, and projects of the foundation
- Help promote the accomplishments and successes of the SEF

This MOU shall begin on October 1, 2017, and shall continue until September 30, 2018. At any given period, either party may terminate this MOU with or without cause providing a written notice of its intent to terminate.
